Establishment and development of settlement sites towards socio-economic transformation

The components and programs will be implemented on a three-year timeline from 2019 to 2021. OPAPP and partner national government agencies will be working together on the realization of this three-year plan for the development of RPM-PRPA-ABB-TPG's communities and the transformation of its members into productive members of society.

To implement the CID components and programs, a Joint Enforcement Monitoring Committee (JEMC) consisting of five members is organized and functions as the implementing structure. The members pledged to work hand in hand to fast-track the implementation of the document's various components. DND Undersecretary Cesar Yano, OPAPP Consultant Milo Ibrado, Ms. Veronica Tabara and Mr. Ramel Farol from KAPATIRAN, and Pastor Noel Villarba as third party representative, are the current members of the JEMC.

Meanwhile, Veronica Tabara, chairperson of the KAPATIRAN, committed that her group will fulfill all their commitments under the disposition of firearms and forces component of the CID. Mrs. Tabara said she will also ensure the full transformation of her group's members.

Pending the signing of the CID, OPAPP, through the JEMC, already completed the following activities:

- Complete profiling of the 727 Kapatiran members
- Concept of Support and Security Arrangements
- Crafted the training plan for the interim security arrangements (community defense group)

Components of the CID

- **Disposition of Arms and Forces (DAF) and Security Arrangements**

OPAPP participated in the meeting organized by AFP PDO on 18 January in Camp Aguinaldo to discuss the status of training of the RPM-PRPA/ABB-TPG/Kapatiran. Several issues were raised during the meeting, such as source of funds for the sustenance and deployment of RPM-PRPA/ABB-TPG members in 2020; technicalities in the provision of subsistence allowances, procurement of ammunition; list of names from the TPG; program of instruction for the training (need also to thresh out the details of the Livelihood Skills Training component with TPG); and, deployment areas of TPG members in resettlement sites that still need preparations and area development. Prior to this meeting, an agreement was reached that a detachment will first need to be constructed to cater to the interim security group to be deployed. For Ibabay, Aklan, there is a PhP2M budget under the LGU allocated for a detachment. However, for other sites, OPAPP has to source fund allocation for the detachments' construction. Some 267 RPM-PRPA/ABB-TPG July 2019 ext-of-kin will be trained to form part of the interim community security group. A firearms inventory has been carried out in collaboration among AFP and PNP local units and Kapatiran chapters in Bukidnon, Aklan, Negros Oriental, Negros Occidental, Iloilo and Antique.

**Socio-economic Reintegration**

1) DENR – OPAPP Forest Guard Program

A total of one hundred twenty-eight (128) profiled members of the RPM-PRPA/ABB (TPG) were re-hired as forest guards upon the recommendation of OPAPP. The 128 TPG members are broken down as follows: PENRO Aklan – 14; PENRO Antique – 22; PENRO Iloilo – 6; PENRO Negros Occidental – 58; DENR Region VII – 18; DENR Region X – 10. The DENR has cited the contribution of the forest guards in the government's thrust towards environmental sustainability and forest protection.

**Settlement Sites**

*Facilitation of issuance of tenurial instruments and Peace and Development Community (PDC) sites*

Memorandum of Agreement and Community-based Forest Management Agreements (CBFMAs) have been issued for the five peace and development community (PDC) sites identified in 2017 and 2018. These agreements grant the members of the TPG/Kapatiran temporary occupation and use of a portion of the Northern Negros Natural Park (NPNP). This is a production sharing agreement between DENR and TPG/Kapatiran for a period of 25 years, renewable for another 50 years and shall provide tenurial security and incentives to develop, utilize and manage a specific portion of forest land. Development Plans have been formulated for the five PDC sites through an inter-agency mechanism. Unfunded projects will be proposed for funding for PAMANA 2020.

Four sites in Janiuay, Iloilo, and EB Magalona, Hinigaran and Cauayan, all in Negros Occidental, with total land area of some 63 hectares have been identified as proposed congregated sites. In partnership with NHA, OPAPP shall pursue the development of the congregated areas. For 2020, funds are proposed to be lodged with NHA.

On 12 February 2019, OPAPP organized the 1st organizational meeting of the OPAPP-DND-AFP Joint Project Management Team (JPMT) at Camp Aguinaldo, Quezon City. Discussions during the meeting focused on the following agenda items: (a) Updating on the status of tenurial instruments by OPAPP; (b) Updating on the start-up requirements by AFP OTCE; and, (c) Updating on the training and deployment of the 267 RPM-PRPA/ABB-TPG by 31D. Also discussed were the JPMT operationalization and activities. Action points were identified to move

forward the implementation of community infrastructure development projects, particularly the site development and core shelter construction in Tanjay, Negros Oriental, Kabankalan, Negros Occidental, and Ibabay, Aklan to be undertaken by the AFP OTCE and on the training of 267 TPG/Kapatiran members in community defense which can start parallel to the construction of the core shelters.

Secretary Galvez met with DILG Secretary Eduardo Año on 22 March 2019 to discuss OPAPP's institutional partnership with DILG for the implementation of interventions in support of the peace process, particularly through P Ayapa at MAsaganang PamayaNan (PAMANA). The following points were raised with DILG: a) continued partnership with OPAPP in the infrastructure development of the settlement sites despite the delay in the signing of tenurial instruments (CBFMA and MOA), since processes were subject to applicable rules of DENR; b) commencement of projects for settlement sites in Negros Occidental with funds downloaded to PLGU of Negros Occidental upon signing of MOA among DENR, OPAPP and TPG/Kapatiran; c) exploration of re-programming and inclusion in 2020 GAA of reverted funds for the infrastructure development of the settlement sites.

**Congregated sites**

On 20 March, OPAPP conducted a socialized housing site visit for some twenty-four (24) TPG/Kapatiran members based in the NCR in a location at Bronze Ville, Brgy. Halang, Naic, Cavite. The NHA approved on 18 January, OPAPP's request for the provision of socialized housing for members of the TPG/Kapatiran in Bronze Ville, Brgy. Halang, Naic, Cavite.

**3) Social Protection Program**  
**PAMANA-PhilHealth Sponsored Program**

A total of 9,402 individuals were enrolled to the PAMANA-PhilHealth sponsored program for 2018. Of these, 439 are TPG members and 8,963 from identified 100 barangays under the Community Peace Dividend areas.

On 12 March a total of 295 profiled RPA TPG members and 1,550 individuals from CPD areas as additional beneficiaries to the program for FY 2019 was endorsed by OPAPP.

**OPAPP/PAMANA-CHED Study Grant Program**

There are 60 ongoing grantees reported as of AY 2018-2019. From the 60 ongoing grantees, 9 of these are next of kin of RPA TPG and 51 are from the identified CPD areas.

OPAPP is constantly monitoring the fund release status of ten (10) study grant applicants endorsed to CHED in 2018. Per CHED Central Office, these applicants have been approved as grantees but are yet to receive their corresponding financial assistance since they have not been able to identify a fund source yet.

**Community Peace Dividends (CPD)**

To jumpstart a sustainable process of development with support of local governments and stakeholders, grants and assistance to support livelihood and enterprise development, have been provided to 100 communities identified by the RPM-PRPA/ABB-TPG as community peace dividends. These areas are the following: 91 barangays in Negros and Panay Islands; 6 barangays in Davao City; 2 barangays in Bukidnon; 1 barangay in Ilocos Sur.

In line with the action point of the JEMC relative to the CPD for 100 barangays identified by the TPG/Kapatiran, OPAPP continued to coordinate with the AFP PDO on the results of the conduct of quick status updating of projects under the DSWD Sustainable Livelihood Program. Based on DSWD records, some ninety-six (96) Sustainable Livelihood Program Associations (SLPAs) have received an amount of PHP500,000.00 each as seed capital (for a total of PHP50M for all areas, starting November 2016 until the first quarter of 2018) based on their approved livelihood project proposals. These SLPAs are now implementing various projects ranging from community enterprise and trading, animal raising and agricultural production.

**Release of Alleged Political Offenders**

The release of alleged political offenders (APOs) aims to restore the civil and political rights of concerned RPM-PRPA/ABB members. Towards this, OPAPP has initiated the review of cases involving APOs and RPM-PRPA/ABB members to determine with DOJ the possible legal remedies available. An inventory of cases has been undertaken, as well as initial meetings with the DOJ and the leadership of the RPM-PRPA/ABB on how the cases may be prioritized.

On 27 February, a technical meeting was conducted with Mrs. Tabara and the Civil Political Rights team of the RPM-PRPA/ABB-TPG in Negros Oriental.

Discussed in the meeting were the eighty-four (84) profiled TPG members who have a (HIT) namesake or may have a pending case in Court as verified by the NBI. Said 84 profiled members of the TPG were further reduced to 70 upon verification with Mrs. Tabara. OPAPP, in coordination with TPG will facilitate the issuance of NBI Clearances.

**Other activities of the JEMC**

The Joint Enforcement Monitoring Committee (JEMC) led by Usec. Cesar Yano engaged with implementing partners and Kapatiran-Negros Oriental on 26-28 February 26-28 in Negros Oriental as follows:

**Coordination meeting with Provincial Environment and Natural Resources Officer (PENRO) Negros Oriental and Community Environment and Natural Resources Officer (CENRO) of Dumaguete City (26 February)**

The Community based Forest Management Agreement (CBFMA) between DENR and Kapatiran was awarded in 2017 granting Kapatiran Negros Oriental Chapter responsibility to manage 267.93 hectares of forestland in the tri-boundaries of Brgy Jantianon, Amlan, Brgy San Miguel, Tanjay; and, Brgy Enrique Villanueva, Sibulan. As a CBFMA holder, the Kapatiran is expected to craft a Community Resource Management Framework (CRMF) and 5-year action plan to operationalize the CBFMA.

OPAPP also discussed with PENRO the status of the National Greening Program (NGP) implementation under FY 2017 & 2018 in the Peace and Development Community site in the Tri-boundaries of Amlan, Tanjay and Sibulan, Negros Oriental. For 2017, the DENR has contracted the Kapatiran for a total of one hundred forty-seven (147) hectares for seedling production and plantation establishment (100% completed) and one hundred seventy-nine (179) hectares in 2018, which is still on-going.

During the meeting, the PENRO informed the group that the finalization of CRMF, one of the requirements of CBFMA, is still pending due to unresolved issue of land claims with Certificate of Land Ownership Award (CLOA) which apparently overlaps within the Kapatiran CBFMA area. A series of consultation meetings and dialogues were initiated by DENR but the issue remains unresolved. The PENRO revealed that in those meetings, despite their efforts to explain to the claimants that DENR is the agency mandated to classify public domain, claimants still insisted that the contested areas were awarded to them by DAR and thereby the rightful land owners.

The dialogue among DENR, DAR, and CLOA holders resulted in the consensus to re-survey the contested area, together with Kapatiran to determine overlapping areas and how to address this issue.

A Site Coordinating Team (SCT) at the provincial level is being proposed to oversee implementation of projects for the RPM-PRPA/ABB/TPG.

**Updating of interventions in the settlement site with the Provincial Government of Negros Oriental (26 February)**

There are four (4) projects under 2015 DILG-PAMANA Fund and six (6) farm-to-market road projects under 2017 OPAPP-PAMANA Fund downloaded to the Provincial Government of Negros Oriental for implementation at the Peace and Development Community (PDC) Site.

Engr. Cresencio Ada of the Provincial Government of Negros Oriental said that seven (7) projects out of nine (9) were given Notice to Proceed. He highlighted that the equipment from the contractor is already in transit and the project is expected to commence in March 2019. OPAPP pointed out that coordination arrangements with AFP or PNP should be initiated by the Provincial Government and Contractor to avoid recurrence of threats and burning of equipment by CPP/NPA rebels.

**Accessing skills training on Carpentry and Masonry from Technical Education and Skills Development Authority (TESDA) Negros Oriental (26 February)**

TESDA Region VII reached out to the OPAPP Field Office-Western Visayas and discussed the possibility of providing special skills training program to members of the RPM-P/RP/ABB/TPG. TESDA Provincial Director Floro Ringca said that in line with the priority programs of the Government under Executive Order 70, their office is offering scholarship programs for rebel returnees which Kapatiran members may avail of as part of their productive mainstreaming. He highlighted four (4) major programs, to wit:

- a. Private Education Student Financial Assistance (PESFA)
- b. Training for Work Scholarship Program (TWSP)
- c. Skills Training for Employment Program (STEP)
- d. Universal Access to Tertiary Quality Education (UAQTEA)

Training shall commence on the first week of April 2019 upon release of the approved budget.

**DPWH-OPAPP Joint Final Inspection of the PhP17M Concrete Bridge Project in Brgy, San Miguel, Tanjay City (28 February)**

The completed bridge will provide easy access to the PDC Site located in the Tri-boundaries of Arlan, Tanjay and Sibulan, Negros Oriental where fifty-eight (58) TPG members will be resettled. DPWH-District Engineer II invited OPAPP for a joint final inspection of the PhP17M concrete bridge project. The activity was participated in by officials and representatives from DND, AFP, DENR, DPWH, concerned LGU, and OPAPP.

OPAPP and DPWH conducted a joint final inspection of the completed concrete bridge project with assistance from the 542 ECB, to check whether the approved plan and specifications in Sitio Ling-ab, Brgy San Miguel, Tanjay City were observed.

**JEMC/OPAPP Dialogue with local partners and Kapatiran at the Peace and Development Community (PDC) Site in Brgy. San Miguel, Tanjay City (28 February)**

The event was an informal dialogue arranged by OPAPP to solicit sentiments of Kapatiran on the current undertakings of the Government to facilitate their productive mainstreaming into society. It was also an opportunity to strengthen support from local partners and generate commitments to expedite program implementation.

Implementing partners from DENR, Provincial Government of Negros Oriental, and LGU Tanjay provided updates on the following:

1. Site Development Plan
2. DENR Funded Projects
3. 2015 DILG-PAMANA & 2017 OPAPP-PAMANA FMR Projects downloaded to the Provincial Government of Negros Oriental
4. 2017 OPAPP PAMANA Community Infrastructure and Livelihood Projects downloaded to the Local Government of Tanjay
5. Livelihood Plans of the Kapatiran

The engagements of the JEMC and OPAPP with implementing partners resulted in the formulation of next steps and action plans.

**Completion of the 2011 Memorandum of Agreement with the Cordillera Bodong Administration - Cordillera People's Liberation Army (CBA - CPLA)**

The 2011 Closure Agreement between the GPH and the Cordillera Bodong Administration - Cordillera People's Liberation Army (CBA-CPLA) covers the implementation of the following components: (1) disposition of arms and forces; (2) economic reintegration of CPLA members; (3) community development projects; (4) inter-municipal and inter-barangay development; (5) documentation of the CBA-CPLA struggle; and (6) transformation of CBA-CPLA into a socio-economic organization.

The completion strategy for the peace process with the CBA-CPLA will focus on the sustainability of the socioeconomic interventions that would facilitate the peaceful and productive lives of the former CPLA members, their families and communities. Of equal undertaking is the continuing peace and development interventions for the Cordillera region and advocating its aspirations for autonomy.

**Disposition of Arms and Forces**

The turning-in of firearms (FAs) and its subsequent demilitarization and disposal process is part of the continuing commitment of both parties towards transformation of former members of the CPLA into a potent socio-economic unarmed force supporting peace and development in the Cordillera. OPAPP is planning for a turning in process to collect the remaining 55 FAs from the former members of the CPLA with due considerations on effective measures to resolve issues relative to the FAs and the alternate benefit program/intervention for those who are currently not in any socio-economic programs. Some 353 inventoried FAs have already been turned-in and are in the custody of various provincial and municipal police stations. These FAs will be transported to the Police Regional Office - Cordillera for demilitarization and subsequent disposal.

Three firearms owners who submitted affidavits were contacted to provide sufficient documents supporting their sworn statements. One has complied while the two others have yet to submit documents. OPAPP is still coordinating with concerned individuals to provide sufficient documents on the whereabouts of the supposedly turned-in firearms.

Other firearms issues will be proposed for comments/ guidance to the RFEADC (Regional Firearms, Explosives and Ammunition Disposition Committee) of the Police Regional Office-Cordillera (PRO-COR). Prior to the conduct of meeting with partners and other pre-demilitarization-related activities, OPAPP has to review/ finalize comprehensive process to fully complete the DAF Component and proceed with the demilitarization of all turned-in firearms.

**Socio-economic Reintegration**

**- DENR-OPAPP Forest Guard Program**

Five hundred eight (508) individuals composed of 502 profiled former CPLA members and their next-of-kin, and 6 Comprehensive Local Integration Program (CLIP) beneficiaries are continuously employed as Bantay Gubat under the DENR-OPAPP Forest Guard Program.

OPAPP has also strengthened the linkage with concerned offices in DENR that handle the Bantay Gubat Program by establishing closer monitoring and exchange of data and information to facilitate hiring and contracting of Bantay Gubat applicants.

The Regional Office also informed OPAPP that they already submitted a request for supplemental budget to DENR Central Office to cover additional Bantay Gubat personnel as necessary.

**- Livelihood**

Former CPLA members who did not opt for army integration or forest guard employment were organized into People's Organizations (POs). The ten (10) POs were provided with training and funding for livelihood projects by the Provincial Local Government Units (7 POs in Benguet, Ifugao and Mountain Province) and by the Department of Agriculture (3 POs in Abra, Apayao and Kalinga) in 2016. In 2017, the Program for Enhanced Enterprises was initiated to capacitate the POs to become sustainable enterprises.

On 29-31 January 2019, Cluster 1 (Licuan-Baay, San Isidro, Pidigan, Malibcong) of the Highlanders for Peace and Development Organization, Inc. (HPDOI) received their share of farm machineries (two units of mini-rotavator/cultivator) from the Department of Agriculture-CAR. These machineries completed the package for Cluster 1 to include two units of threshers and numerous livestock previously delivered in 2016 and 2017.

After the turn-over ceremonies, the PO officers lacked other concerns of the organizations such as the list of members with lacking information for PhilHealth enrolment, who are to be endorsed as Bantay Gubat; and what enterprise to pursue for the PO. One officer suggested sili (labuyo) production since there is a ready market/buyer from the locality. They immediately contacted the buyer, Herrero Farms, which is a private farm based in Licuan-Baay and an initial meeting was conducted on 31 January. As of to date, both parties are reviewing the Production, Technical and Marketing Agreement (PTMA). A draft proposal on Sili Production (Taiwan variety) was also prepared by the PO subject for review by OPAPP.

OPAPP also got in touch with Dr. Elpidio Basilio of Ifugao State University (IFSU) for the continuation of talks on the strategies of collaboration regarding native pig production for selected POs across CAR. The purpose is to establish collaboration between IFSU and OPAPP in providing technical assistance on the production and gene banking of endemic lines of native pigs across Cordillera. This will eventually support pig production with better genetic lines that will produce more litters.

**- Social Protection Programs**

Accompanying the economic/livelihood programs are social protection programs in collaboration with PhilHealth and CHED.

***PAMANA-PhilHealth Sponsored Program***

On 26 January 2019, OPAPP received the final list of enrolled beneficiaries for 2018. There were 981 individuals reported as beneficiaries of the PAMANA – PhilHealth Sponsored Program under the CBA-CPLA peace table. On 27 February 2019, a profile review of these individuals was undertaken in preparation for the endorsement of renewal. There were 119 individuals identified as senior citizens. As a general policy of PhilHealth, senior citizens are automatically enrolled under the Senior Citizen program. These 119 individuals were removed from the 981 individuals, making the total number of beneficiaries endorsed for renewal to 862 individuals. An additional 658 individuals were also endorsed for additional enrollment to PhilHealth last 12 March 2019. Currently, a total of 887 individuals are enrolled under the program.

***OPAPP/PAMANA-CHED Study Grant Program***

On 30 January 2019, OPAPP conducted a monitoring visit to Abra where a total of 26 OPAPP/PAMANA-CHED Grantees are residing. Seven (7) grantees were reported as having graduated by Mr. Darwin Linggayo, the Vice President of the HPDOI (Abra). OPAPP visited Abra State Institute of Science and Technology to check the status of grantees with the Student Financial Assistance Program (StuFAP) focal. Based on the records of the StuFAP, 8 grantees accepted into the program starting AY 2014-2015 to AY 2015-2016 were enrolled until the 2nd semester of AY 2018-2019, 3 grantees accepted into the program AY 2014-2015 to AY 2015-2016 are enrolled last AY 2015-2016 and 5 grantees accepted into the program on AY 2014-2015 show no record.

Thirty-three (33) grantees were reflected as ongoing (as of AY 2018-2019) in the official report from CHED Central Office which was forwarded to OPAPP on 11 February 2019. Below is the breakdown of on-going grantees per academic year:

Sex	Number
Male	1314
Female	817
<b>Total</b>	<b>2131</b>

**Status of Applications and Endorsements**

OPAPP is constantly monitoring the fund release status of forty (40) study grant applicants endorsed to CHED in 2018. Per CHED Central Office, these applicants have been approved as grantees but are yet to receive their corresponding financial assistance since they have not been able to identify a fund source yet.

***Transformation of CBA-CPLA into a socio-economic organization***

The CBA-CPLA and the GPH further recognize the necessity to sustain the gains of the MOA, through the five-year partnership strategy (5YPS). Section 7.d of the MOA provides that 'the parties shall craft and implement a five-year partnership strategy that will sustain economic development efforts between the GPH and CBA-CPLA, beyond closure, including drawing the support of donors, the international community, the private sector and the LGUs.'

The SYPS is a basic reference document for further discussion with government line agencies, international development partners, the private sector, and community stakeholders in the Cordillera region. One of the objectives of the SYPS is to support the transformation of the CBA-CPLA into a new and unarmed, potent socio-economic entity, building on gains earned since the 1986 Sipat and the 2011 MOA. This will cover four levels of transformation of: (i) individuals; (ii) the CBA-CPLA as a former armed organization; (iii) communities supportive of the peace process; and (iv) their relationship with the Philippine government and its instrumentalities.

With the series of activities undertaken for the formulation of the SYPS, there was an initial proposal from the Advisory Body for a workshop to be conducted within the second quarter

of 2019 prior to the presentation of the said document to the OPAPP executives for approval and endorsement to the Regional Development Council of the Cordillera Administrative Region (RDC-CAR). A proposal for this activity is being prepared for review and approval of OPAPP executives. Part of the preparation process is to provide advance copies of the working draft to the Advisory Body this April 2019 for comments. Their comments/inputs will be consolidated during the actual workshop sessions.

**Community Development Projects (Inter-Municipal/Provincial Projects)**

In recognition of the communities which actively participated in the struggle of the Cordillera, the CBA-CPLA in its Memorandum of Agreement (MOA) with the GPH will pursue the implementation of eighty-one (81) community development projects in fifty-seven (57) barangays.

The four (4) terminated projects under the CDP component will be proposed for refunding for PAMANA FY 2020 to fully complete the implementation of the 81 CDPs identified under the GPH-CBA-CPLA 2011 MOA.

Other activities/ efforts in support to the CBA-CPLA peace process are as follows:

**Partnership with the Cordillera Regional Development Council (RDC-CAR) and NEDA-CAR (Support to the Cordillera Autonomy)**

The RDC-CAR and OPAPP met during the Cordillera Stakeholders' Meeting on 07 February at the CAP Convention Center, Camp John Hay, Baguio City with National Economic Development Authority (NEDA) Secretary Ernesto M. Pernia. The meeting aimed to brief the NEDA Secretary of CARs' priority agenda and to gain more national support.

Mr. Thomas Kilip, OPAPP consultant, represented OPAPP during the Joint RDC-CRPOC 1st Quarter 2019 Regular Meeting in Bontoc, Mountain Province on 19 March, where updates on the implementation of various programs and services from the different line agencies across the region were presented and discussed.

OPAPP and several former CBA-CPLA members participated in the regional workshop for the project, 'Mapping and Marking of Cordillera Historical Sites' on 21 March at the City Lights Hotel, General Luna Road, Baguio City. In the workshop, the participants identified top three priority sites per province significant to the Cordillera struggle for self-determination (Autonomy). This is in line with OPAPP's efforts to explore significant sites for the installation of memorabilia, being proposed by the former members of the CBA-CPLA, commemorating the contributions of the CBA-CPLA in the history of Cordillera's struggle for self-determination.

In support to the region's autonomy efforts, the OPAPP, in collaboration with the Regional Development Council and the National Economic Development Council – CAR, continue to organize engagements to bring together key stakeholders of Cordillera autonomy.

'Am-Among Di Cordillera: A Convergence for Cordillera Autonomy,' was a collaboration of OPAPP, the Presidential Legislative Liaison Office (PLLO), Presidential Communications Operations Office (PCOO), Regional Development Council-CAR (RDC-CAR), and Institute for Autonomy and Governance (IAG) in observance of the 2018 National Peace Consciousness Month. Multi-stakeholders from the Cordilleras met with national personalities from the Cabinet and Congress during the said national peace forum. The event coincided with the 32nd anniversary of the historic Mount Data Sipat or peace pact between the national government and the CPLA. Several witnesses to the 1986 event were present during the Am-among to restate their damour for autonomy. One witness in particular who served as the guest-of-honor during the Am-among was former President Fidel V. Ramos.

The House Bill 5343 authored by Cordilleran legislators, was set to undergo deliberations in the House Committee on Local Government. Serving as the counterpart of the House legislation, three Senate Bills — tagged as SB 1678, SB 1923, and SB 1930 — were filed by Senators Juan Miguel Zubiri, JV Ejero, and Bam Aquino, respectively.

More partners committed to push for 'Cordillera autonomy towards federalism' such as Cordillerans PCOO Asec. Marie Rafael-Banaag, DOT Asec. Marco Bautista, DOJ Asec. Cheryl Daytec-Yangot and DOH Asec. Roger Tong-an as well as non-Cordillerans like Presidential Adviser for Northern Luzon Raul Lambino, Congressional Policy and Budget Research Director-General Romulo Miral, Representative Bai Sema of the 1st District of Maguindanao and Bangsamoro Transition Commissioner Jose Lorena

**Support to disaster affected communities in Kalinga**

OPAPP visited the Department of Education - Cordillera Administrative Region (DepEd-CAR) and the Office of the Civil Defense - Cordillera Administrative Region (OCD-CAR) on 22 March to seek updates on the OPAPP-endorsed request of assistance from the DepEd School Division in Kalinga, relative to the damaged facilities of Dacalan and Lubo Elementary Schools during the onslaught of Typhoon Rosita.

Engineer Christopher Hadsan (DepEd) detailed that an initial assessment was conducted where DepEd Kalinga submitted a proposal for the construction of new school building (1 unit two-storey building with six classrooms) with an estimated budget of PhP13.4 million in Dacalan. Lubo Elementary school on the other hand, needs a flood control (estimated budget of PhP18 million) and 1-storey with two classrooms (estimated budget PhP6.5 million). He further mentioned that DepEd CAR proposed the aforementioned for the Quick Response Fund (QRF) for FY 2019, but at the same time encouraged the inclusion of these projects for PAMANA 2020 due to slim chance that it will be funded under the QRF FY 2019.

Mr. Cyr Bagayao, OCD representative, acknowledged that their office has received OPAPP's endorsement dated 16 January 2019. He mentioned that this concern will be included in the agenda of the RDRRMC 1st Quarter Meeting. Further, OCD will also coordinate with DepEd-CAR to finalize which office is in charge for the preparation of technical documents. OCD-CAR is also eyeing to tap SM Foundation if the government cannot provide funds for these projects. OPAPP will continuously monitor the developments from the regional counterpart.

#### **2nd Quarter**

In line with President Rodrigo Duterte's policy to honor all signed peace agreements in step with legal and constitutional reforms, the Clarificatory Implementing Document (CID) to the 2000 GPH-RPM-P/RPA/ABB Peace Agreement was drafted to lay down the commitments of the GPH and the Tabara Paduano Group (TPG) now registered as Kapatiran. It will be the absolute and final settlement of the 2000 GPH-RPM-P/RPA/ABB Peace Agreement.

OPAPP transmitted to national government agencies the latest copy of the Clarificatory Implementing Document to the 2000 Peace Agreement (CID) to request their final review of the draft document, transmitting the CID on 12 April 2019. The agencies were requested to signify their approval and concurrence with the language contained in the document and to submit their amendments, if any, based on their review. Agencies consulted including NEDA, DND, DILG, DOJ, PNP, and CHED have conveyed their concurrence and comments to the latest draft document.

Secretary Galvez presented the CID during a meeting with Cabinet Secretaries on 8 April 2019. The purpose of the presentation was to provide the salient features of the CID and to recommend for approval and authority by the DND to sign the proposed CID. After the presentation, the President approved the following relative to the RPM-P/RPA/ABB – TPG Peace Process:

1. Approval of the Clarificatory Implementing Document and grant of authority for DND Undersecretary Cesar Yano as Chair of the Joint Enforcement and Monitoring Committee (JEMC) to sign the Clarificatory Implementing Document;
2. Funding for the implementation of the 3-year Normalization Plan (from 2019 to 2021) amounting to PHP560.8 Million;

4. Issuance of amnesty proclamation to be availed by RPM-P/RPA/ABB-TPG members and the processing of cases by the Presidential Committee on Bail, Recognizance and Pardon (PCBreP).

To further clarify and facilitate the implementation of commitments under the RPM-P/RPA/ABB-TPG peace process, a Planning Workshop was conducted with members of the Special Project Team (SPT) for the RPM-P/RPA/ABB-TPG on 20-22 June 2019 at Palmas Del Mar, Bacolod City. The planning workshop was conducted in partial compliance with OPAPP memorandum dated 29 May 2019 on the "Conduct of FY 2019 Planning Activities" and to provide the RPA-TPG a venue to discuss amongst themselves how they envision the completion of each component. The conduct of this activity led to the identification of key milestones (per component) per year throughout the projected implementation timeframe and inputs to the draft CID implementation timeline infographic. These activity outputs will be presented to the Joint Enforcement and Management Committee (JEMC) for further comments and approval.

By the third quarter of 2018, all one hundred (100) SLPAs from the RPA-TPG identified barangays have been accredited and were awarded the seed capital amounting to PhP500,000.00.

iii. Pardon and Release of Remaining Alleged Political Offenders

The release of alleged political offenders (APOs) component aims to restore the civil and political rights of concerned RPM-P/RPA/ABB members. Towards this, OPAPP has initiated the review of cases involving APOs and RPM-P/RPA/ABB members to determine with the Department of Justice (DOJ) the possible legal remedies available to restore their civil and political rights. An inventory of cases has been undertaken, as well as initial meetings with the DOJ and the leadership of the RPM-P/RPA/ABB on how the cases may be prioritized.

E. Immediate conclusion of the 2011 Memorandum of Agreement with the Cordillera Bodong Administration - Cordillera People's Liberation Army (CBA – CPLA)

The 2011 Closure Agreement between the GPH and the Cordillera Bodong Administration – Cordillera People's Liberation Army (CBA-CPLA) covers the implementation of the following components: (1) disposition of arms and forces; (2) economic reintegration of CPLA members; (3) community development projects; (4) inter-municipal and inter-barangay development; (5) documentation of the CBA-CPLA struggle; and (6) transformation of CBA-CPLA into a socio-economic organization.

With the 2011 MOA, the CPLA has ceased to exist as an armed group. Former CPLA combatants have been organized and registered with the Securities and Exchange Commission as the Cordillera Forum for Peace and Development, Inc. or CFPDI.

The completion strategy for the peace process with the CBA-CPLA will focus on the following

- Transformation of the former members of the CBA-CPLA;
- Sustaining the gains of the Cordillera peace process and strengthening multi-stakeholder convergence to support peace and development; and,
- Provision of support to regional development advocacies to help the Cordillera Autonomy Bill to be declared as a priority agenda of the Administration and be considered a common legislative agenda.

The CBA-CPLA Peace Process will enhance its approaches and strategies to cater to the implementation and localization of the Executive Order 70 (Whole-of-Nation Approach) with local counterparts.

**Implementation Status of the 2011 MOA between GPH-CBA-CPLA**

**a. Final Disposition of Arms and Forces (DAF)**

*"The Parties have agreed to a gradual process of disposition of arms and forces" where the CPLA members are profiled and their firearms inventoried and turned in. The profiling is the basis for the integration package comprising of AFP integration, DENR forest guard employment, and livelihood projects.*

Four hundred forty-four (444) firearms were inventoried, with three hundred fifty-three (353) firearms turned in and kept safe at the Police Regional Office-Cordilera Administrative Region prior to final demilitarization.

On 20 June 2019, OPAPP strengthened its partnership with the 5th ID, 7th ID and AFP Peace and Development Office (AFPPDO) to facilitate the conclusion of the GPH-CBA-CPLA Peace Process. This includes establishing a body which will focus on the delivery of the remaining commitments of the 2011 MOA components (Disposition of Arms and Forces, Socio-Economic Reintegration and Transformation Framework) leading to the comprehensive normalization of the former members of the CBA-CPLA. The completion process also involves expanding the support and intervention to unreached CPLA members. OPAPP through its Peace Accords Monitoring Unit will therefore work in close coordination and provide support to the concerned AFP Units.

**b. Economic Reintegration of CPLA Members**

*"CPLA members shall be provided assistance in securing employment or other source of income, including livelihood projects, as a step towards disarmament." Options include integration into the armed forces; employment as forest guards, subject to DENR requirements, and livelihood projects where proponents shall receive technical assistance and training.*

**Army Integration**

A total of one hundred and sixty-eight (168) former CPLA members and their next of kin were integrated in the AFP. To date, one hundred and sixty-seven (167) are in active duty as there is a lone casualty reported from the 7 July 2016 operations against the Abu Sayyaf in Sulu.

**Employment as Forest Guards under DENR's National Greening Program**

The Department of Environment and Natural Resources (DENR) have renewed at least five hundred eight (508) individuals composed of five hundred two (502) profiled former CPLA members and their next of kin, and six (6) Comprehensive Local Integration Program (CLIP) beneficiaries as Bantay Gubat under the DENR-OPAPP Forest Guard Program assigned in various CENROs and PENROs in the Cordilera Administrative Region (CAR). Their duties and responsibilities include patrol works, rendering duties in checkpoints to facilitate apprehensions and movement/flow of forest products and natural resources, Information Education Campaigns, collections of seeds and seedlings, and Nursery Operations.

In coordination with DENR, OPAPP has endorsed the budget for the DENR PAMANA FY 2020 which covers funds for the hiring of Forest Guards, Operational and Training Support, and Agroforestry-related Livelihood projects. The proposed salary of the Forest Guards was also increased to Php9,000.00 per month.

**Livelihood**

The CPLA members who did not opt for army integration nor forest guard employment are organized into People's Organizations (POs). The ten (10) POs were provided with training and funding for livelihood projects by the Provincial Local Government Units (LGU) (7 POs in Benguet, Ifugao and Mountain Province) and by the Department of Agriculture (DA) (3 POs in Abra, Apayao and Kalinga) in 2016.

To date, at least six (6) of the POs are on the final stage of accreditation process by the Department of Agriculture-Field Office-Cordilera Administrative Region (DA-FO-CAR). Further, OPAPP initiated an activity entitled Negotiation and Contract Preparation Between Highlanders for Peace and Development Organization, Inc. (HPDOI) and Herrero Farms for the Sili Labuyo Production and Marketing Tie-up conducted last 05 June 2019 at Mt. Carmel, Pidigan, Abra. HPDOI is a people's organization based in the Province of Abra. During this workshop, the key officers and its partner for the Labuyo Production were given the opportunity to review and finalize the agreement.

**Social Protection Programs**

Accompanying these components are social protection programs in collaboration with PhilHealth (health insurance) and CHED (study grant).

1. PAMANA-PhilHealth Sponsored Program: On 29 May 2019, OPAPP received an initial list of approved beneficiaries for FY 2019 from the PhilHealth Regional Office - CAR. Of the one thousand four hundred twenty (1,420) endorsed individuals during the first quarter of 2019, 462 for renewal, 593 new endorsements, nine hundred twelve (912) former CPLA (including Bantay Gubat applicants) were enrolled to the program. Four hundred forty-seven (447) CPLA (including Bantay Gubat applicants) are enrolled to other sponsored programs, one (1) individual was reported deceased, while the enrollment status of the remaining one hundred forty (140) individuals has not yet been provided by PhilHealth Regional Office - CAR. Below is the local down-province of PAMANA-PhilHealth-enrolled CPLA.

Please include additional activities/tasks done in relation to PhilHealth (i.e., updating of data, addressing queries/concerns of beneficiaries, etc.), if any. Those are accomplishments as well.

Combined the renewal and new endorsement into one total endorsement for enrollment.

Based on my computation on the information provided, of the 1,520 endorsed, there were 932 enrolled. 932 were enrolled under PAMANA, there are 448 who are not enrolled under PAMANA. There are 140 individuals (1520 - 932 = 588; 588 - 448 = 140) with no feedback on status of enrollment (either to PAMANA or to other sponsored programs).

i. OPAPP/PAMANA-CHED Study Grant Program. On 6 June 2019, the OPAPP through the Peace Accords Management Unit (PAMU) conducted a monitoring visit in Abra where there is a total of twenty-six (26) grantees. The objective of the monitoring visit is to track the five (5) grantees in Abra with no status report. As a result of the monitoring visit, ASIST found out that they could no longer track these grantees. This situation is not unique to ASIST and has been the case with other universities as well.

To help address this matter, a tracking and monitoring mechanism was operationalized using Facebook. As a result of the tracking, 80 of the 246 total grantees were tracked as graduated, 38 grantees are ongoing, 3 grantees transferred to another program, 1 grantee had stopped, and 123 grantees with no status need to be further tracked.

With regard to the status of the 39 next-of-kin applicants endorsed to CHED last 2018, PAMU is continuously receiving queries from the applicants, and as advised to the unit, OPAPP and CHED are still working on the release of financial grants through several communications and discussions to address the concern and to seek for recommendations.

a. Community Development Projects (CPD) and Inter-Municipal and Inter-Barangay Development

Eighty-one (81) projects were identified and funded: farm to market roads, communal irrigation system for agricultural support, community infrastructures like tribal centers, warehouses, and pathways among others. Seventy-three (73) of these projects have been physically completed; four (4) projects are in different stages of implementation in the provinces of Ifugao, Kalinga and Mountain Province; four (4) terminated projects under the CDP component will be proposed for refunding for PAMANA FY 2020 to fully complete the implementation of the 81 CDPs identified/provided in the GPH-CBA-CPLA 2011 MOA.

b. Documentation of the CBA - CPLA Struggle

Penning by a CBA elder, the document is to account the legacy of the CBA-CPLA. Currently in two volumes, the documentation is targeted to be merged and published as one book in 2019.

c. Transformation of CBA-CPLA into a Socio-Economic Organization

The CPLA is now registered under the Securities and Exchange Commission (SEC) as the Cordillera Forum for Peace and Development, Inc. (CFPDI). It is also a Civil Society Organization member of the Regional Peace and Order Council of the Cordillera region.

Crafting of a Five-Year Partnership Strategy

To sustain the gains of the 2011 MOA after the commitments have been fulfilled, a five-year partnership strategy (SYPS) will be crafted and implemented. The SYPS was presented to Secretary Galvez during the briefing on the updates and status of the GPH-CBA-CPLA Peace Process last 20 June 2019. As discussed, in terms of its implementation, it will be finalized with the RDC/RPOC Cordillera Administrative Region to promote an inclusive normalization process of the former members of CPLA and their communities. This is to ensure long term effects and sustainability through institutionalizing peace and development plans and efforts in local agencies or offices.

Support to Cordillera Initiatives for Autonomy

In support to the region's autonomy efforts, the OPAPP, in collaboration with the Regional Development Council and the National Economic Development Council – CAR, continue to organize engagements to bring together key stakeholders of Cordillera autonomy.

Continuous Support to Peacebuilding and Peace Promoting Interventions as Sustaining Mechanisms to Transformation, Healing and Reconciliation

A draft Office Order related to the creation and activation of the proposed implementing panel (a body which will focus on the delivery of the remaining commitments to the 2011 MOA components) has been submitted for discussion and vetting of OPAPP Management.

The CBA-CPLA Peace Process will enhance its approaches and strategies to cater to the implementation and localization of the Executive Order 70 (Whole-of-Nation Approach) with local counterparts.

**3rd Quarter**

In line with President Rodrigo Roa Duterte's directive to implement all signed peace agreements, the Government is executing the final step towards completion of the 2000 Peace Agreement with the Rebolusyonaryong Partido ng Manggagawa

Pilipinas/Revolutionary Proletarian Army/Alex Boncayao Brigade-Tabara Paduano Group (RPM-P/RPA/ABB-TPG) or 'KAPATIRAN' through the signing of the Clarificatory Implementing

Document (CID) to the 2000 Peace Agreement between the Government and the RPM-P/RPA/ABB on 19 July 2019.

Undersecretary Cesar Yano of the DND, representing the Government, signed the CID as approved by the President, alongside RPM-P/RPA/ABB-TPG/KAPATIRAN Chairperson Mrs. Veronica P. Tabara, which was witnessed by Presidential Adviser on Peace, Reconciliation and Unity Sec. Danilo G. Galvez, Jr., the Local Chief Executives of Aklan and Negros Oriental provinces, Ibañay, Aklan, Cadiz City, Kabankalan City, San Carlos City, all in Negros Occidental, Pamplona, Negros Oriental, Cauayan, Sibutan and Tanjay, all in Negros Oriental, representatives of national agencies and the Security Sector.

The CID lays down the commitments of the Government and the KAPATIRAN, which will be the absolute and final settlement of the 2000 GPH-RPM-P/RPA/ABB Peace Agreement. It has five components, namely: 1) Disposition of Arms and Forces and Security Arrangements; 2) Social and Economic Reintegration of the KAPATIRAN Members; 3) Release of the Remaining Alleged Political Offenders; 4) Full transformation of the KAPATIRAN into a civilian organization engaging in socio-economic and political activities; and, 5) Community Peace Dividends.

The area of coverage of the CID will be Aklan, Antique, Iloilo, Negros Island, Part of Bukidnon and Davao City consisting of 727 Profiled RPM-P/RPA/ABB-TPG Members. There is also the ongoing establishment and development of Settlement Sites toward Socio-economic transformation of the group.

The CID starts the implementation of the three-year Normalization Plan for the Kapatiran. OPAPP is currently coordinating with implementing agency partners (DSWD, NHA, DND) the details and timeline of the 3-year Normalization Plan from 2019-2022, including the Work and Financial Plans, arrangements and modes of implementation.

To complete the implementation of the 2000 Peace Agreement between the Government and the KAPATIRAN members, it is incumbent to accelerate the implementation of the Three (3)-Year Normalization proposed funding from 2019-2022 amounting to PhP560.83 million. The Department of Budget and Management (DBM) reviewed the proposed budget, programs and plans and recommended on 22 August 2019 a supplemental budget of PhP138,190,487. With the fund transfer from the Office of the President, OPAPP coordinated with the implementing agency partners (DSWD, NHA, DND) details and timeline of the 3-year Normalization Plan from 2019-2022, including the Work and Financial Plans, arrangements and modes of implementation. Institutional arrangements for the transfer and release of funds from OPAPP to DSWD, NHA and AFP/DND were formalized through the signing of MOA.

To implement the CID, the following mechanisms were organized.

1. **Joint Enforcement and Monitoring Committee (JEMC).** The JEMC which is chaired by DND Undersecretary Cesar B. Yano (representing GPH), supervises and monitors the implementation of the CID. It shall continue to exist until both Parties determine that all the objectives and commitments set forth by the GPH and the Tabara-Paduaño Group/KAPATIRAN in the CID have been fulfilled. The JEMC is currently drawing up timelines to expedite the implementation of the three-year Normalization Plan for the 727 KAPATIRAN members.

2. **Joint Body on the Disposition of Arms and Forces (JBDAF).** The JBDAF is tasked to determine the timelines and applicable processes on the disposition of arms and forces (DAF), conduct regular security assessments, and submit update and recommendations for appropriate action of the JEMC. The JBDAF formulated the action plan of the AFP and PNP on the decommissioning of 727 KAPATIRAN members.

3. **Site Coordinating Teams (SCTs)[1].** The SCTs shall assist the JEMC in implementing all the components of the CID as well as to ensure effective collaboration of agency commitments to the CID, such as the establishment of settlement sites as peace and development community (PDC) and the provision of government social protection packages to KAPATIRAN members.

4. **Socio-Economic Reintegration Cluster (SERC)** The SERC is tasked to assist the JEMC in ensuring a holistic implementation and delivery of socio-economic and security interventions to the KAPATIRAN. The SERC is led by DSWD and composed of DA, DPWH, DepEd, DOLE, DTI, DSWD, DENR, DILG, OPAPP, TESDA, CHED, AFP, NEA, NIA, NHA, PHIC and other agencies that may be called upon.

For 2019, the most critical activities in the RPM-PRPA/ABB-TPG peace process are as follows:

1. Decommissioning of members and combatants and demilitarization of their firearms;
2. Organization, training and deployment of eight (8) community defense groups; and,
3. Preparation of the settlement sites.

#### **Socio-Economic Reintegration**

*Immediate Assistance and Livelihood Programs.* An interagency meeting was convened on 1 August 2019 to officially engage the National Agencies to support the delivery of the commitments contained in the CID to the 2000 Peace Agreement. During the meeting, the body recommended for the creation of Social and Economic Reintegration Cluster (SERC). In response, the JEMC issued a resolution forming the SERC. This cluster was tasked to monitor the delivery of the interventions under the Social and Economic Reintegration Component of the CID. As a result, the Department of Social Welfare and Development (DSWD) was tasked as the lead agency of said cluster.

In addition, DSWD shall implement the Social Protection Package (SPP) and Livelihood Settlement Grants (LSG) which is part of the deliverables of the Three-year Normalization Plan (FY 2019-2021). Thus, a Memorandum of Agreement (MOA) between DSWD and the Office of the Presidential Adviser on the Peace Process (OPAPP) was forged on 13 September 2019. This is to transfer the Normalization Funds amounting to PhP63,710,681.00 from OPAPP to the DSWD, to commence with the implementation of the SPP and LSG. A total of 672 members of Kapatiran have undergone the process of Profiling and Socio-econ Intake conducted in Kalibo, Aklan (487) and in Jaramindan, Capiz (185) from 15-20 September 2019 with the assistance of AFP, PNP, OPAPP and the JEMC. The payout for SPP administered by DSWD Field Office VI was conducted on 19 September 2019 at the Kalikasan Training Center, 3rd Infantry Division, Jaramindan, Capiz. Provision of Support to the Victims of the Jolo Cathedral Bombing

The MCU together with the Area Management Team in ZamBaSuTa and Peace Accords Monitoring Unit (PAMU), composed the OPAPP assessment team that visited Jolo, Sulu on 1-2 February 2019 to assess the needs of the victims/survivors and their families and determine possible assistance that the office can extend.

The team met with key Jolo stakeholders such as the Municipal Mayor, the representatives of the Provincial Government, the Notre Dame of Jolo College (NDJC) and Vicariate of Jolo leadership. The team also visited the three hospitals in Jolo which catered to the immediate needs of the survivors before they were transferred to Zamboanga City for further treatment.

The team found out that immediate monetary and humanitarian assistance have been extended to the victims/survivors and their families by the Provincial and Municipal Government as well as the NDJC and Vicariate of Jolo leadership. However, the Municipal or Provincial Government have no personnel in Zamboanga City to assist the families in the different Zamboanga hospitals for their issues and concerns. On the part of the NDJC, a nun was assigned to assist the watchers and the patients. However, NDJC's funds are not enough to cater to the needs of these individuals and their families.

The team noted and recommended the following for consideration of the PAPRU:

1. Despite the financial assistance provided by the municipal and provincial local governments and NDJC, the victims/survivors and their families will still need additional cash support for the following:

- daily needs of the patients (medicines, other required laboratory tests)
- daily expenses of the watchers (transportation, meals, communication allowance)
- burial assistance for the victims' families

2. OPAPP to facilitate, if necessary, the following immediate actions with the Municipal/Provincial Government or with the DSWD-ARMM to:

- Consolidate list of deceased and injured for proper monitoring and tracking
- Comprehensive mapping/profiling of all medical and socio-economic needs of the survivors for assistance either by these LGUs/agencies or other entities. Initial agencies to engage include TESDA for technical assistance/capacity building, DOLE for employment and provision of seed capital, CHED and UNIFAST for education and DSWD for other appropriate interventions
- Mapping of public and private practitioners of MHPSS operating in Sulu and nearby areas to assist the survivors and their families as well as the families of the deceased for mental health and psychosocial needs, debriefing
- Creating a mechanism or convene a small group to lead the aforementioned follow-through activities either at the Municipal or Provincial-level

3. For long-term interventions, it is recommended that OPAPP engage CSO partners in Sulu such as the Turnikang Sama-sama and the NDJC to plan for long-term interventions that would bring about social healing and reconciliation as well as preventing/countering violent extremism in the province. This program may include the following capacity-building and continuing education activities:

Seminars on Culture of Peace/Conflict-Sensitivity and Peace Promotion (CSPP)

- Seminars on Cultural Sensitivity
- Inter-faith and Intra-faith Dialogues/Conversations

People's Peace Tables

Indigenous Peoples

A concrete output of the IP Peace Table Conversations for key IP leaders nationwide was the formation and activation of the IP Peace Panel (IPPP) in April 2017. The creation of the IP Peace Panel (IPPP) is considered the first concrete measure of government in response to the clamor of IP representation in the peace process.

Its mandate is to engage, meet, converse with and hear the concerns, inputs, recommendations of IPs in the country along the different peace process tracks. It is composed of government agencies and instrumentalities dealing with IPs in the country. It was tasked to bring, advocate, espouse or present to the GPH Panel the consolidated inputs, issues and concerns and aspirations of IP communities, as articulated by their leaders, relative to the GPH-NDFP peace process; Bangsamoro Transition Commission (BTC) in the crafting of the enabling law for the Comprehensive Agreement on the Bangsamoro (CAB); and, other IP issues and concerns that impact on the peace process.

1. GRP-NDFP Peace Process

As a result of a series of peace conversations, a consolidation of IP positions, aspirations, and substantial inputs, as articulated by IP leaders, were submitted to the GRP Panel for consideration in the draft Comprehensive Agreement on Socio-Economic Reforms (CASER), Political and Constitutional Reforms (PCR), and ceasefire guidelines.

2. Bangsamoro Peace Process

The OPAPP through the IPPP facilitated the establishment of the Mindanao IP Legislative Assembly (MIPLA) that served as a platform for non-Moro IPs to propose revisions to the Bangsamoro Basic Law (BBL). A legislative proposal containing their proposed enhancements to the draft BBL provisions was endorsed to Congress for consideration.

Peace Conversations through dialogues and workshops between the BTC and the MIPLA Panel of Representatives (MIPLA PR) were undertaken as a confidence building measure to initiate non-adversarial discussions on the MIPLA's formal legislative proposal that are geared toward generating consensus and support for the passage of the BBL.

A number of key MIPLA-proposed provisions that recognize, protect and promote the rights of NMIPs were included in the recently passed Bangsamoro Organic Law (BOL). Consequently, the non-Moro IPs in the core territory have supported the ratification of the BOL.

### 3. Other IP issues and concerns that impact on the peace process

The IPPP has taken efforts to devise a reinforcing mechanism that can recommend to the Peace Adviser some action points as a response to emerging or ongoing emergency situations that affect indigenous communities by tapping existing governance (government and IP) structures and mechanisms geared towards better cooperation among stakeholders towards addressing the issues and concerns affecting IPs. In particular, the expansion of IPPP members (NCIP En Banc and 3 Island-wide representatives of NAPC-IP Sectoral Council) was done for purposes of national coverage with institutions mandated to respond to various IP issues and concerns nationwide.

The IPPP has also worked closely with the Office of the Cabinet Secretary (OCS) and the Office of the Presidential Adviser on IP Concerns (OPAI/PC) on proposed convergence programs that will promote and protect IP rights. This forms part of OPAPP's response to the directive of the President to protect and promote IP rights especially for those who remain marginalized and vulnerable to situations of armed conflict.

As part of the support for the Cordilleran's aspirations for autonomy, the OPAPP with the IPPP organized and facilitated the conduct of IP Legislative Assembly in CAR for Regional Autonomy and subsequently endorsed legislative enhancements to latest draft of autonomy bill. The final output is a legislative proposal of the assembly which was formally submitted to the Chair of the Technical Working Group (TWG) on the Cordillera Autonomy Bill, for review and possible integration into HB 5343 and be taken up in the next Congress.

The IP Peace Panel has managed to elevate the peace conversations and translate these into peace actions. A total of sixty-five (65) peace table conversations and corresponding peace actions thereafter have been undertaken since April 2017 to present, which have resulted to the above accomplishments across the different peace tables or peace process lines.

#### Youth Peace Table (YPT)

The YPT serves as a primary vehicle to animate a youth constituency that will support the Bangsamoro and Localized Peace Processes as well as advocate for a Culture of Peace.

Seven (7) major youth peace conversations were held where a total of 523 key youth—including indigenous, out-of-school and Moro youth—from conflict-affected and vulnerable communities coming from 76 youth organizations (42 school-based, 34 community-based) participated and now mobilized for local peace actions.

The YPT composition is both a combination of hard-to-reach and mainstream youth leaders allowing a more diverse and inclusive dialogue. The nature/form of their organizations varies from student councils, faith-based, gender and development, peace education, social enterprise, youth and development, among others.

Eight (8) local peace partners from academe and CSOs were mobilized and took part in the implementation of the YPT. This partnership also contributed to a CSO/agency-youth partnership allowing the youth to further explore ways of participation with the peacebuilding community.

Conflict lines and conflict strings differ by region caused by varying levels and respects of historical and social experiences and politico-economic landscapes. Despite the significant parallel situations of the youth sector across the Philippines, the following principles are affirmatively mainstreamed in conflict-affected and vulnerable areas: *social cohesion, reconciliation and community resilience*.

As a result, the Youth Peace Agenda produced by the YPT was presented to 17 National Government Agencies during the Inter-Agency Workshop and Orientation on United Nations Security Council Resolution (UNSCR) 2250 on Youth, Peace and Security (adopted 2015). Building from the gains of the YPT, a National Action Plan on Youth, Peace and Security (NAPYPS) is expected to be formulated within the year.

Internationally, the YPT have attracted global Youth, Peace and Security (YPS) coalition to consider the initiative as one of the models of a government-organized YPS mainstreaming and National Action Plan formulation and programming. The Philippine experience is being considered as one of the input to the Global 2020 Report on the progress of the YPS adoption by UN member states.

#### Peace Education and Study Grant Programs for the Youth

*"Building a Culture of Peace and Nonviolence" Peace Formation and College Education Assistance*

#### Project (CEAP) under the Support to Peacebuilding and Normalization (SPAN) Program

The SPAN program aims to contribute towards sustaining the gains of the Government's peace process and in ensuring peace and security in conflict-affected areas. Under this is the CEAP where identified underprivileged college students in ARMM with special consideration for those directly affected by the Marawi Siege will undergo two sessions of leadership, peace and conflict sensitivity formation program and will be provided with transitional cash assistance amounting to PhP10,000 each to be provided bi-semester.

Eight (8) local CSOs and institutions were partnered and trained to facilitate the peace formation corresponding to their area of coverage.

#### Engaging the Marawi Youth in Peacebuilding, Recovery and Rehabilitation

				<p>Majority of the IDPs affected by the impact of the Maraw siege belongs to the youth sector. By way of assisting them in their recovery, youth IDPs in Iligan City were gathered and organized in evacuation centers and home-based camps, purposely to engage them in various peacebuilding and psychosocial activities.</p> <p>In 2017, a total of 279 youth (174 male, 105 female) participated coming from the four (4) tagged evacuation camps in Iligan City (e.g. Buruun School of Fisheries, Buruun Gym, Sta. Elena and Ma Christina) and one (1) home-based camp in Brgy. Upper Hinaplanon.</p> <p>30 key youth leaders (3 males and 3 females in each camp) were identified and selected by the youth IDPs themselves to act as focal persons ensuring that youth concerns in their respective camps/communities are recognized, referred and addressed.</p> <p>As a follow through, these organized youth underwent a 3-day Inter-Camp Peace and Leadership Training and were equipped with basic peacebuilding knowledge and skills, capacities and roles in peacebuilding and early recovery.</p> <p>As way forward, regular Town Hall Meetings were set-up where the youth influence and partake in decision-making in Maraw's recovery and rehabilitation.</p> <p>Empowering communities by increasing their capacity to address conflict and reduce their vulnerabilities</p> <p><u>People's Peace Tables. The People's Peace Tables initiatives for the Youth, IP, Women, Sultanates and other stakeholders provides a platform for stakeholders to have conversations on peace and conflict issues and concerns that are at the root of, resulting from or affecting the peace process. The Peace Tables with various sectors (IP, Youth, Women) throughout Luzon, Visayas, Mindanao has helped not only to shed light on their concerns and issues relating to the peace process but also to gather recommendations and strategies to address these concerns, which will contribute to the development of policy, peacebuilding programs and action plans.</u></p> <p><b>Indigenous Peoples</b></p> <p>Mindanao IP Youth Peace Assembly. On 12-14 June 2019, this peace assembly was organized in Cagayan De Oro City in view of the growing number of NPA atrocities in Mindanao which prompted the IP youth leaders to band together and condemn these acts of exploitation and injustices in support of EO 70.</p> <p>It involved 238 Mindanao IP youth participants from Regions IX, X, XI, XII and XIII, Mindanao IP Council of Elders and Leaders (MIPCEL), agencies and support agencies and organizations. It aimed to equip participants with the knowledge, skills and values that would enable them to participate in the national government's efforts to promote social healing and reconciliation in their respective communities. It served as a platform for the IP youth to articulate their views and consequently, contribute in enhancing the national government's youth peace, security and development agenda. It also provided an opportunity to promote unity and camaraderie among IP youth, improve their leadership skills, present their cultural talents, and boost their confidence as young agents of peace in their communities.</p> <p>The MIPYPA resulted to the expansion of the Mindanao IP Youth Organization (MIPYO) to assist the MIPCEL in the implementation of EO#70's Whole-of-Nation Approach, as well as contribute in efforts to strengthen their respective Indigenous Political Structures (IPS) towards fostering peace, reconciliation and unification within their ICCs. The event also enabled the government officials and representatives to present their respective agency's programs and projects, which are designed to build the capacities and address the needs of the youth.</p> <p>The MIPYO endorsed seven (7) resolutions requesting assistance from government institutions to help address their 7-point agenda relative to major issues commonly-shared by IP youth participants across the regions: These are: loss of culture, weak governance, discrimination, basic services, recruitment and killing, ancestral domain concerns, early marriage and pregnancy. The outputs shall also contribute to the formulation of a National Action Plan on Youth, Peace and Security (NAP-YPS).</p> <p><b>Youth</b></p> <p>BARMM Youth, Peace and Security Consultation was conducted on 15-16 June 2019 in Cotabato City. In support to the ongoing BARMM transition including the conversion of the Office on Bangsamoro Youth Affairs into a Bangsamoro Youth Commission, 103 youth representatives from 76 youth-led and youth-serving organizations off in the BARMM dialogued and formulated the Bangsamoro Youth, Peace and Security Agenda. This shall help guide the BTA in Integrating and adopting the identified actionable points in the formulation and implementation of policies and programs for the youth in the newly established political entity.</p> <p>Youth representatives from women groups, non-Moro indigenous communities, local governments through Sangguninang Kabataan and Local Youth Development Offices, and partner youth organizations of the SID, 11D, 11ID, 57th and 104th Brigades also took part in the formulation process.</p> <p>Priority agenda forwarded by the participants are as follows: 1) participation of the youth in the documentation and validation of Bangsamoro histories and studies (culture, traditions, and tribes) and its integration in all levels of formal education; 2) capacity development of the youth including sustainable livelihood through development of and support for youth-led social enterprise projects; 3) provide spaces for dialogues and support to youth organizations for the institutionalization of peace education in the BARMM; 4) inclusion and representation of the youth in the Task Force Bangon Marawi and other local decision-making bodies involved in the recovery and rehabilitation of Marawi. Similarly, youth's perspective on moral governance for the BARMM is ensuring that transparency and accountability mechanisms, and decision-making processes are shared and in participation with the youth.</p> <p>This BARMM YPS Consultation jumpstarts the process of formulating a National Action Plan on Youth, Peace and Security (NAP-YPS) to be undertaken in other regions nationwide. It also contributes to efforts to address issues and concerns of the vulnerable sectors within the BARMM. As an immediate next step, the Agenda will be endorsed to the Office on Bangsamoro Youth Affairs for integration in the formulation of the 'Bangsamoro Youth Development Plan'.</p>

**Support to the BTA Transition Plan and Interim Cabinet**

To facilitate the smooth transition process from the ARMM to the BTA, the GPH and MILF Panels created the Coordination Team for the Transition to the BTA (CT4T) to serve as "the primary mechanism for coordination between Parties and the concerned agencies to ensure that the necessary and appropriate steps are undertaken in preparation for the transition leading to the installation of the BTA." [1] The CT4T is composed of five (5) members each from the GPH and the MILF. [2] Currently, the CT4T, which was created by the GPH and MILF Panels in 2015 and reconvened in 2018, is formulating the proposed transition plan and recommendations to ensure and facilitate proper transition from ARMM to BARMM, which will then be submitted to the interim Chief Minister for his consideration.

During the ceremonial turnover of ARMM to BARMM on 26 February 2019 in Cotabato City, the BTA announced that Ali Solaiman and Abdul Raji Sahrin shall serve as Interim Deputy Chief Ministers and Ghazali Jaafar (passed away 13 March 2019) and Atty. Pangalihan Balindong as Speaker and Deputy Speaker, respectively, of the interim Bangsamoro Parliament. The BTA also announced the initial ten (10) members of the Interim Cabinet:

1. Arch. Eduard U. Guerra – Minister for Finance and Budget
2. Atty. Raisa Jajurie – Minister for Social Services
3. Mr. Mohagher Iqbal – Minister for Basic, Higher, and Technical Education
4. Dr. Saffrullah Dipatuan – Minister for Health
5. Atty. Naguib Sinarimbo – Minister for Local Government
6. Mr. Abduraof Macacua – Minister for Environment, Natural Resources, and Energy
7. Ustadz Mohammad Yacob – Minister for Agriculture, Fisheries, and Agrarian Reform
8. Mr. Hussein Mufoz – Minister for Public Order and Safety
9. Al Haj Murad Ebrahim – Minister for Public Works (concurrent as interim Chief Minister)
10. Timuay Melanio Ujama – Minister for Indigenous Peoples

**BARMM Inauguration**

The formal inauguration of the newly created BARMM was held on 29 March 2019 at the Shariff Kabunsuan Cultural Complex in Cotabato City, led by the President with the first set of ministers of the new parliamentary form of government in the Bangsamoro taking their oaths on the Koran. Equally important is the official handover of the list of the MILF combatants who will be decommissioned and their weapons that will be put beyond use under the normalization track of the Comprehensive Agreement on the Bangsamoro.

The following BTA members were elected under the parliamentary government:

Ali Pangalihan Balindong – Speaker  
Hatimi Hassan – Deputy Speaker  
Atty. Lanang Ali Jr – Majority Leader  
Laisa Alamia – Minority Leader  
Raby Angkal – Secretary-General  
Dan Dimakenal – Sergeant-at-Arms

The inauguration marks the transition period from the setting up of the BTA to the establishment of the BARMM in 2022. The BTA, as the interim government, led by the MILF leadership will work towards building lasting peace and inclusive development and progress. Chief Minister Al Haj Murad Ebrahim emphasized the five pillars that the BTA will prioritize: education, health, economic development, strategic infrastructure, and moral leadership. The BTA likewise prepared its transition plan that will define the BARMM organizational structure.

Secretary Carillo Galvez Jr. pointed out that at the heart of the peace agreement is the transformation process, which covers not only the establishment of the BARMM, the creation of a new political structure, and the changing of the lives of the people in the area, but also providing social justice, healing, and reconciliation.

**Security Track (Ceasefire Mechanisms)**

For this period, a series of joint activities were conducted by both parties to ensure a peaceful and successful BOL plebiscite. Among the activities facilitated and conducted were the security preparations and arrangements with units of the Armed Forces of the Philippines (AFP), the Philippine National Police (PNP), and the Bangsamoro Islamic Armed Forces (BIAF) of the MILF. All parties committed to observe ceasefire protocols and election guidelines as MILF members will cast their votes at the polling precincts.

Moreover, due to the high level of trust and confidence by the MILF commanders of the ceasefire mechanisms, they have been requesting the to accompany MILF key leaders and commanders during their movements. As they adjust to their new environment following the successful ratification of the BOL and inauguration of the BARMM, assistance through accompaniment and provision of security during MILF movements and relevant activities (such as the BTA oath-taking in Malacanang, ARMM to BARMM turnover, BARMM inauguration) were provided. Among prominent MILF commanders provided security arrangements were Commander Abdullah "Bravo" Macapalar (Front Commander, NWMF, BIAF-MILF), Commander Gordon Shaylullah Khan (Front Commander, Central Mindanao Front, BIAF-MILF and Chairman of MILF Task Force Reconciliation and Conflict Management Committee), Commander Wahid Tundok (118 BC, BIAF-MILF), Commander Zacaña Guma (Base Commander (105th BC, BIAF-MILF). Even Chairman Murad Ebrahim requested CCH accompaniment whenever he reported to his office at the BARMM.

**Observance and Implementation of the ceasefire agreement**

The ceasefire mechanisms continued to coordinate with relevant units on the ground concerning security and ceasefire situations. For this period, a total of 16 ceasefire violations (8 from GPH and 8 from MILF) were reported. The nature of ceasefire violations were uncoordinated raid and operations on the GPH side; and uncoordinated movements, incidents of ndo, illegal display of firearms and amassing of MILF troops, for the MILF side.

As to the ground situation, a total of 20 incidents were recorded for the period. Most of these incidents were shootings, firefight between the government and Bangsamoro Islamic Freedom Fighters (BIFF) and IED Explosions which happened mostly in Maguindanao and Cotabato City.

As a coordinating mechanism in support to the observance and implementation of the ceasefire agreement, the CCCH coordinated with concerned GPH and MILF units the movements and activities of the concerned requesting parties to ensure safety and security and avoid any misunderstanding and potential flashpoints on the ground

The mechanisms also facilitated a total of nine (9) repositioning arrangements of BIAF-MILF to provide safe passage during the conduct of law enforcement operations to prevent any mis-encounters.

#### 2nd Quarter

**A. Meaningful Implementation of the Comprehensive Agreement on the Bangsamoro (CAB) toward healing in the Bangsamoro**

The implementation of the Comprehensive Agreement on the Bangsamoro (CAB) has three main thrusts: the political-legislative track, the normalization track, and the security track:

The **political-legislative track** includes the passage of the Bangsamoro Organic Law (BOL), the enabling statute that, once ratified, will give rise to the creation of the Bangsamoro political entity that will replace the ARMM;

**Political-Legislative Track.** With the ratification of the Bangsamoro Organic Law, the transition period from the Autonomous Region in Muslim Mindanao to Bangsamoro Autonomous Region in Muslim Mindanao has commenced and the Bangsamoro Transition Authority (BTA) was constituted to serve as the interim government during the three-year transition period from 2019 until 2022. The BTA, headed by the MILF leadership, will work towards building lasting peace and inclusive development and progress in the region. The BTA is also participated in by members of the Moro National Liberation Front (MNLF) or representing the MNLF, from the Indigenous Peoples groups, and settler communities.

The GPH and MILF Peace Implementing Panels held two (2) meetings in Davao City and one (1) meeting in Kuala Lumpur, Malaysia to discuss and reach agreements pertinent to the implementation of the Comprehensive Agreement on the Bangsamoro (CAB), especially the normalization program.

On 29 April 2019, a Special Meeting of the GPH and MILF Peace Implementing Panels was conducted in Kuala Lumpur, Malaysia where the Parties signed the Revised Terms of Reference of the International Monitoring Team (IMT). This called for the merging Team Site 4 in General Santos City with Team Site 1 in Cotabato City and the supervision of the Civilian Protection Component under the Panels. The Parties also signed the compilation of all signed agreements from August 2016 up to the present.

On 27 June 2019, the 20th Meeting of the GPH and MILF Peace Implementing Panels was held in Davao City where the Parties discussed the various aspects in the implementation of normalization, including necessary preparations for the anticipated second phase of the decommissioning process.

To facilitate the smooth transition process from the ARMM to the Bangsamoro Transition Authority (BTA), the GPH and MILF Panels created the Coordination Team for the Transition to the Bangsamoro Transition Authority (CT4T) to serve as "the primary mechanism for coordination between Parties and the concerned agencies to ensure that the necessary and appropriate steps are undertaken in preparation for the transition leading to the installation of the BTA." Following the series of workshops of the CT4T, the GPH and MILF Panels turned over the Proposed Transition Plan by the CT4T to BTA Interim Chief Minister Ahod Ebrahim aka Al Haj Murad Ebrahim on 20 May 2019 at his office in Cotabato City. On 17 June 2019, the BTA formally approved the proposed transition plan.

**1. Security Track (Ceasefire Mechanisms)**

After the successful establishment of the BARMM during the first quarter and the following heightened implementation of activities and programs of the Normalization process, the Ceasefire Mechanisms also recalibrated its functions and implementation plans in order to provide support to the overall programs of Normalization on top of its main mandate as ceasefire coordinative mechanism. A total of twenty-six (26) related support and provision of assistance were extended to OPAPP and Normalization mechanisms during their fieldwork such as accompaniment during camp visits, meeting with landowners of the proposed JPST Stations, Duyog Ramadhan, assistance to social and official functions of the PAPRU and Implementing Panel, assistance to TJRU secretariat on the conduct of Youth, Peace and Security consultation for around 130 youth in the BARMM, IECs and the like.

With its mandate to supervise and monitor the implementation of the Agreement on the General Cessation of Hostilities (AGCH), the Coordinating Committees on the Cessation of Hostilities (CCCH) and Ad Hoc Joint Action Group (AHJAG) are maintained by government in partnership with the MILF and continue to perform their functions in order to provide an atmosphere that is safe and conducive to the peace process particularly the implementation of the Comprehensive Agreement of the Bangsamoro (CAB) and its annexes.

Coordinating Committees on the Cessation of Hostilities (CCCH)

a. Support to the Resolution of Issues and Violations to the Implementation of the Guidelines and Ground Rules of the GPH-MILF AGCH and Support to the Conduct of Joint Inquiry & Support Verification of the IMT. At the outset of the quarter, the CCCH was challenged by the alleged ceasefire violation causing an armed encounter between the PNP and MILF members in Brgy. Tabaran, Madamba, Lanao del Sur last 04 April 2019 during the serving of Warrant of Arrest due to alleged killing of a barangay chairman. The law enforcement operation (LEO) was not coordinated by the PNP to the GPH AHJAG since Brgy. Tabaran is not included in the initial list of MILF communities provided by the MILF CCCH. The immediate deployment of CCCH and its LMT to the area prevented any further escalation of hostilities.

Following the incident, a Joint CCCH Executive Meeting was held in Cotabato City last 07 May 2019 to resolve ceasefire violations committed by both parties covering even the period 2018 to the present. One of the highlights of the said meeting was an agreement to conduct a Joint Field Verification (JFV) to look into major ceasefire violations identified by both parties. A total of 44 protests were resolved with 20 unresolved (7 for verification and 13 for reiteration). A total of two (2) JFVs were successfully undertaken for the period, particularly: a) JFV re encounter between AFP and MILF in Barangay Sipakil, Siraway, Zamboanga Del Norte; and, b) JFV re Brgy Villamor, Esperanza, Sultan Kudarat. Unfortunately, the JFV in Sumbakil was not pursued upon agreement with IMT and the JCCCH, as it was decided to postpone it to a later date. The JFV for Talakag incident in Bukidnon to verify the alleged MILF encampment, and Madamba incident due to alleged uncoordinated LEO are both scheduled on the first week of July 2019.

In total, there were 16 protests recorded for the period:

	April	May	June	Total
GPH Filed	3	5	3	11
MILF Filed	2	0	3	5
<b>Total</b>	<b>5</b>	<b>5</b>	<b>6</b>	<b>16</b>

Meanwhile, a total of Forty-One (41) security-related meetings were conducted/attended/facilitated by the CCCH & AHJAG Combined Secretariat for the quarter to discuss pressing issues relative to the Ceasefire Agreement implementation.

OPAPP, through the CCCH & AHJAG Combined Secretariat continue to provide assistance and coordinate security-related requirements with field offices and ground units of the AFP and PNP as well as with MILF counterparts. Movements of MILF commanders are heavily facilitated by the Combined Secretariat such as during the normalization forum on the GPH-MILF Peace Process spearheaded by Sec. Carito Galvez Jr., together with the MILF leaders held at the Officers Club, 61D Hq, Awang, DOS, Maguindanao.

Another equally significant activity facilitated by the Combined Secretariat was the meeting with PCOL James Gulmatco, Director, CIDG – BARMM where matters relative to law enforcement operations and possibilities of joint security cooperation with the PNP were discussed. He was also informed of various success stories on joint security cooperation of the AFP-PNP-MILF in the interdiction of criminals and local terrorist groups (LTGs) in the area of BARMM.

a. Support to Dispute Resolution Initiatives. Meanwhile, an implied task of the ceasefire mechanism is to establish good relations and networking with stakeholders particularly those initiatives that are geared towards the resolution of Rido conflict involving MILF members. For the quarter, the CCCH has attended five (5) meetings that supports dispute resolution which has bearing on the AGCH implementation. Among these major meetings were as follows:

#### Ad Hoc Joint Action Group (AHJAG)

Monitoring Activities. As part of the Ceasefire Mechanism in the Peace Process between the GPH and MILF, the GPH AHJAG continues to coordinate, monitor and disseminate information about the conduct of Law Enforcement Operations (LEO), Support to Law Enforcement Operations (SLEO), Civil Military Operations (CMO), Focused Military Operations (FMO) and other pursuit operations by the AFP and PNP forces in partnership with the MILF in order to effect the unhampered law enforcement operations against criminal elements within MILF areas and communities without jeopardizing the GPH-MILF ceasefire and the Peace Process as a whole.

Western Mindanao Action Officer, LTC Abdurassad Sirajan INF (GSC) PA conducts daily monitoring of the movements and activities of the MNLF and the MILF as well as the terroristic and kidnapping activities of Abu Sayaf Group. These information and reports are then provided to the Chairmen of the GPH AHJAG, GPH CCCH and PAPRU for their information

For this quarter, LTC Sirajan closely monitored the progress of the talks of goodwill between MNLF Yusop Jikiri and Abu Sayaf Group leader, Radullan Sahiron regarding the release of Ewold Horn who was abducted by the said group since 2011. However, the said talks failed which resulted to the resumption of military operations by the 11th Infantry "Alakdan" Division, PA to rescue the said kidnap victim. On 31 May 2019, during the conduct of blocking operations of 32nd Infantry Battalion, PA, the AFP and ASG engaged in a firefight in Sitio Sub-Sub, Brgy. **Continuing ceasefire monitoring and observance of the Agreement on the General Cessation of Hostilities (AGCH)**

The presence of ceasefire mechanisms such as the Coordinating Committee on the Cessation of Hostilities (CCCH) and the International Monitoring Team (IMT) have been crucial in sustaining the gains of the Bangsamoro peace process. With the ratification of the BCL, establishment of the BARMM and heightened normalization program, the transitioning and review of the ceasefire mechanisms have been recommended. Part of this is the turnover of duties and jurisdiction from the IMT Site 4 to IMT Site 1. With the closure of Team Site 4, members based in General Santos City (composed of 2 Bruneians and 1 Malaysian), have been transferred to Team Site 1 in Cotabato City. The areas of jurisdiction of Team Site 4, which covers the provinces of Sultan Kudarat, South Cotabato, Sarangani and Davao have likewise been transferred to Team Site 1.

The JNC met the Independent Decommissioning Body (IDB) on 13-15 March to discuss preparations on the decommissioning process of MILF combatants. The IDB presented their scenario plans based on the list of MILF combatants to be submitted by the MILF Implementing Panel.

The JNC Secretariat held a series of meetings from February to March 2019 on the security component, particularly with the status of the Joint Peace and Security Team (JPST) stations to be constructed under Support to Peacebuilding and Normalization (SPAN) Program and to be funded by the Government of Japan. The assistance from the Government of Japan will also support operational requirements of the IDB such as providing communications equipments and vehicles. These will be in support to decommissioning activities and establishment of the JPSTs to secure peace and stability in identified conflict-affected and conflict-vulnerable areas. The meetings were intended to level off with peace partners, such as the United Nations Development Programme (UNDP) and the Japan International Cooperation Agency (JICA) on assistance to be provided to the Bangsamoro areas.

On 13 March, the JNC Secretariat spearheaded the session with the AFP Peace and Development Office (AFP PDO) and PNP Peace Process and Development Center (PNP-PPDC), together with the newly created Security Unit under OPAPP that will coordinate with the Joint Peace and Security Committee (JPSC) and the Joint Peace and Security Teams (JPSTs), to come up with the Security Component Program Document. This document outlines how the program is to be managed, executed, and monitored. It contains the overall program governance, information on projects, benefits realization, related management plans and procedures, timelines, and the methods used to plan, monitor, and control the program as it progresses. This document will evolve with the processes that the Security Component will undertake from JPST training, deployment, and support to IDB and the decommissioning activities.

#### **Independent Decommissioning Body (IDB)**

The IDB has intensified its preparatory work for the second phase of decommissioning of MILF forces and weapons. This includes planning workshops on the concept of operations, survey of potential verification sites, development of database, consultation meetings with MILF Front and Base Commanders on the decommissioning process, and continuous coordination with GPH-MILF peace process mechanisms. Engagement with key stakeholders both local and international, to help support the normalization process; capacity-development, orientation and training of IDB staff; and capacity-building on verification and decommissioning activities for MILF are also being carried by the IDB in Central and Western Mindanao.

#### **Task Force for Decommissioned Combatants and their Communities (TFDCC)**

The TFDCC continued the monitoring and delivery of remaining socio-economic interventions for the 143 MILF decommissioned combatants. The participating agencies (DSWD, PhilHealth, TESDA, DepEd, CHED, DA) delivered 98% of their commitments to the decommissioned combatants. Based on the results of the monitoring visits to the former combatants, the assistance provided were utilized but need to be sustained through additional interventions to help improve their lives economically and enable their full transition to peaceful and productive civilian lives.

The design, process, roadmap and developmental milestones for the delivery of program for the next batches of MILF combatants to undergo decommissioning are being reviewed by OPAPP in consultation with relevant agencies, partners and stakeholders. A series of consultations along with various stakeholders (concerned government agencies, GPH-MILF bodies and mechanisms, MILF, BIAF, and Bangsamoro Islamic Women Auxiliary Brigade) have been held in developing the enhanced program interventions.

#### **Setting up of the Bangsamoro Normalization Trust Fund (BNTF)**

The draft program document for the normalization program which will be used for the setting up of the BNTF is under review by OPAPP for finalization. Discussions with proposed fund managers are likewise ongoing to determine best options towards setting up the mechanism to fund priority programs for the Bangsamoro. These efforts also have to be implemented in close coordination with the BARMM.

#### On Confidence-Building Measures

##### **Transformation of the Six previously acknowledged MILF camps**

As part of the confidence-building measures under the Annex on Normalization, the GPH and the MILF agreed to undertake necessary measures for the transformation of the six previously acknowledged MILF camps, namely: Abubakar-as-Siddique, Omar, Rajamuda, Badre, Bushra, and Bilal. It is for this reason that the Joint Task Forces on Camps Transformation (JTFACT) coordinate and facilitate development programs for these camps to transform into peaceful and productive communities.

Ongoing consultations and comprehensive area development planning with MILF leaders, commanders and the BIWAB, along with key stakeholders and partners are carried out by OPAPP and the MILF Northwestern Front in Camp Bilal.

##### **Provision of Safe Conduct Passes for MILF leaders and commanders**

OPAPP, in coordination with the PNP through the PNP PPDC, facilitated the provision of safe conduct passes for some nine (9) MILF leaders and BIAF commanders relative to their oath-taking as BTA members in Malacanang on 22 February 2019. Crosschecking with the National Bureau of Investigation (NBI) were also done for the list of names submitted by the MILF.

#### On Transitional Justice and Reconciliation

To jumpstart the implementation of the recommendations in the TJR report, OPAPP conducted an inter-agency workshop (participated in by 32 national and 2 regional line agencies) in order to map initiatives, gaps and ways forward.

#### Other significant activities

An Assessment and Planning Workshop for the Implementation of the Program for Normalization was held from 05-06 March at the Marco Polo Hotel in Davao City. This workshop assessed the status of the implementation of the Program for Normalization by revisiting the phasing and timelines of the eight (8) dimensions and four (4) aspects in order to improve the systems, protocols, and processes; identified the Plans, Programs, and Activities (PPAs) from 2019 to 2022 of the units under OPAPP's new organizational structure, including the Work and Financial Plans (WFP) that reflected both operational and program requirements; and came up with a comprehensive plan for the implementation of the Normalization Program until the signing of the Exit Agreement.

The JNC Secretariat also participated in the workshop of Cotabato-based offices in Cotabato City on 21 March to identify minimum and maximum deliverables of each mechanism for the normalization program, and for closer horizontal integration, synchronization, coordination and reporting arrangements.

A strengthened office and teams based in Cotabato City have been consolidated by OPAPP to effectively implement the normalization program for MILF combatants, their families and communities. A 24/7 operations center has likewise been set up as a hub to monitor and oversee the programs especially the much-anticipated decommissioning of 40,000 MILF combatants.

#### **2nd Quarter**

#### **Implementation of the Normalization Program (Annex on Normalization under the Comprehensive Agreement on the Bangsamoro)**

As defined in the agreements signed between GPH and MILF, normalization is 'the process whereby communities can achieve their desired quality of life, which includes the pursuit of sustainable livelihood and political participation within a peaceful, deliberative society. It aims to ensure human security in the Bangsamoro and build a society that is committed to basic human rights where individuals are free from fear of violence or crime and where long-held traditions and values continue to be honored.' The implementation of the normalization program has four aspects: security, socio-economic, confidence-building measures, and transitional justice and reconciliation.

· Transitional Components (Joint Normalization Committee/ Joint Peace and Security Committee/ Joint Peace and Security Teams). The Joint normalization bodies were reconvened after Secretary Carlo G. Galvez, Jr. approved the designation of the government representatives as co-chairs and members of mechanisms on 03 June 2019. These mechanisms will oversee the implementation of the various aspects under the normalization program.

The conduct of the following meetings, spearheaded by the Joint Normalization Committee (JNC), coordinated and integrated all activities to be implemented by the normalization bodies:

- (1) Meeting of the Government Representatives in the Normalization Bodies on 02 April 2019 in Pasig City;
- (2) Meeting with Normalization Focal Persons on 18 May 2019 in Cotabato City; and,
- (3) Meeting of the Government Representatives on 20-21 June 2019 in the Island Garden City of Samal, Davao del Norte.

These meetings aimed to assess the implementation of activities under the Annex on Normalization of the Comprehensive Agreement on the Bangsamoro (CAB), synchronize the implementation of programs and activities, and come up with an agreed timeline and processes for the next phases of implementation.

The Joint Meeting of Normalization Bodies was held on 22 June 2019 in the Island Garden City of Samal, Davao del Norte to discuss with the MILF the priority activities and timelines as well as the status of implementation of the Normalization Program, including critical issues that need to be resolved.

The JNC also spearheaded the information, education, and communication (IEC) activities on the Normalization Program for the ground units of the Armed Forces of the Philippines (AFP), provincial and municipal offices of the Philippine National Police (PNP), concerned base commanders of the Bangsamoro Islamic Armed Forces - Moro Islamic Liberation Front (BIAF-MILF), and civil society organizations. These activities were held at the 102nd Mechanized Brigade Headquarters in Iligan City, Lanao del Norte on 22 May 2019 and at the Bishop Querejeta Formation Center in Isabela City, Basilan on 24 June 2019. Through these fora, key stakeholders were provided with updates on the Normalization Program, clarified issues relative to the Program, determined points of convergence, and identified conflict-sensitive interventions relative to the implementation of the Program.

OPAPP, through the Government Implementing Panel Secretariat and the JNC Secretariat also organized complementary IEC activities for key stakeholders of the six MILF acknowledged camps and for officers and personnel of the Police Regional Offices in Mindanao. The IECs and visits were conducted in Camp Bilal in Lanao del Norte, in Zamboanga City, Cagayan de Oro City, and the Bangsamoro Autonomous Region in Muslim Mindanao (BARMM) in Parang, Maguindanao.

Establishment of the monitoring and evaluation system for the normalization program is an ongoing endeavor. The JNC, together with the United Nations Development Programme (UNDP) and Ateneo de Zamboanga University (ADZU), organized the Workshop on Normalization Results Framework in Davao City on 20-21 June 2019. The workshop was a follow through activity to review and recalibrate the draft results framework that was developed through a workshop held last May 2018 and to map out existing monitoring and evaluation systems across mechanisms. These monitoring processes and tools currently being used by the different mechanisms will then be linked up to the overall Normalization monitoring and evaluation system. This activity was supported by the United Nations Peacebuilding Fund.

Apart from these activities, a Technical Working Group was constituted to formulate the policy and guidelines on the entry of the MILF and the Moro National Liberation Front (MNLF) members to the Philippine National Police (PNP) as stipulated in the Bangsamoro Organic Law (BOL). Provisions on Policing under the ratified BOL were explained by the JNC Secretariat to the members of the TWG.

· Decommissioning of MILF forces and weapons. With the submission of the list of MILF combatants and weapons to be decommissioned, the Independent Decommissioning Body (IDB) led a full-scale simulation of the decommissioning process to test the time and motion runs of the process and anticipate possible issues and scenarios that may arise during the actual decommissioning.

It was followed by ocular visits to the provinces of Maguindanao, Davao del Sur, Lanao del Sur, Zamboanga del Sur, Basilan and North Cotabato for the identified Assembly and Processing Areas (APAs) in order to draw up detailed planning, assess the sites, and coordinate with the local government units and security sector to address issues and concerns pertaining to the decommissioning process.

As part of the normalization process, the parties agree to intensify development efforts for rehabilitation, reconstruction and development of the Bangsamoro, and institute programs to address the needs of BIAF members, internally displaced persons (IDPs), and poverty-stricken communities. In addition, the Parties constituted joint task forces for the Six Previously Acknowledged MILF Camps to assess the needs, plan appropriate programs, and undertake the necessary measures to transform these areas into peaceful and productive communities.

#### **· Camps Development**

				<p><i>Camps Transformation Community Development Planning for Camp Bilal. The Balay Mindanaw Foundation, Inc. (BMFI) and Hineleban Foundation led the initial conduct of Camp Transformation Community Development Planning for Camp Bilal in Lanao del Norte and some parts of Lanao del Sur in close coordination with the Joint Task Forces on Camps Transformation (JTFACT).</i></p> <p>The camp transformation community development planning process aims to generate a Transformation Plan for each of the six camps based on the specific context, needs, and aspirations of communities in each area. Its end goal is to establish a coherent guide for any future interventions in the six previously acknowledged MILF camps, whether from the government or private entities.</p> <p>As a result, baseline data for each of the base commands under Camp Bilal were obtained; community participants were able to discuss and analyze their situation (i.e. problems, issues and needs) and propose possible solutions to the identified problems. As a main output they were able to draw up with a 5-year community development plan for Camp Bilal.</p> <p><i>Exposure Program and Initial Camps Planning. Following the conduct of planning and consultation workshops with Admin Officers of the Base Commanders of Camp Bilal held last quarter, from 25 June to 03 July 2019, a series of Exposure Programs and Initial Camps Planning were held in Tuminugan Farm, Kalugmanan, Manolo Fortich, Bukidnon for the remaining five (5) MILF Camps (Camp Omar ibn Al-Khattab, Camp Badre, Camp Rajamuda, Camp Abubakar As-Siddique and Camp Bushra Somlorang). The said activities targeted to help MILF partners to appreciate the agricultural technology and farming innovations that can be applied in the six (6) previously acknowledged MILF camps. During the exposure program, the participants also identified geographical boundaries of each camp as a basis in the conduct of community development planning.</i></p> <p>Seventy-nine (79) representatives from the MILF such as the Peace Mechanisms, Political Committees, BIAF Base and Front Commanders, Bangsamoro Islamic Women Auxiliary Brigade (BIWAB), and Social Welfare Committee (SWC) participated in the course of the exposure program and initial camps planning.</p> <p><b>Orientation Workshop for the OPAPP Management Committee (ManCom) on the Transitional Justice &amp; Reconciliation Commission (TJRC) Report</b> 17 June 2019   Ortigas Center, Pasig City</p> <p>The members of the OPAPP ManCom and senior consultants were oriented on the Dealing with the Past Framework and the TJRC recommendations. This session was intended to learn from TJRC experts, to draw lessons on how the TJRC approach, standards and best practices can be applied and contribute to the mandate of the OPAPP/OPAPRU towards implementing its program outputs and outcomes and achieve just and lasting peace in the country. Instructions and directives were issued in integrating TJRC perspectives in the work of the government normalization bodies and mechanisms.</p> <p><b>Technical Workshop for the GPH-MILF Normalization Mechanisms on Transitional Justice &amp; Reconciliation</b> 18-19 June 2019   Ortigas Center, Pasig City</p> <p>This workshop was conducted with the participation of senior officials and officers representing the government and MILF Normalization mechanisms to integrate transitional justice and reconciliation perspectives into their programs, projects and activities as well as in the processes and systems of the normalization program. A guidepost will be developed to facilitate the embedding of TJRC perspectives in the normalization processes.</p>
