LOCALLY FUNDED PROJECTS - IMPLEMENTATION OF THE SOCIO-ECONOMIC COMPONENT OF THE					
084	JOINT NORMALIZATION COMMITTEE (PPA)	3,909,777.63	1,977,034.30	<p>A. Meaningful implementation of the agreement with the Moro Islamic Liberation Front (MILF) toward healing in the Bangsamoro</p> <p>The implementation of the Comprehensive Agreement on the Bangsamoro (CAB) has two main thrusts: the political-legislative track and the normalization track.</p> <p>The normalization track runs alongside and in complementarity to the political-legislative work on the Bangsamoro. Normalization is defined in the agreements as a process whereby conflict-affected communities can "return to conditions where they can achieve their desired quality of life, which includes the pursuit of sustainable livelihood and political participation within a peaceful deliberative society." This also aims to accomplish the gradual decommissioning of MILF forces and their weapons; provide assistance to MILF former combatants, their families and communities; and transform former MILF camps into peaceful and productive communities. The normalization program under the CAB covers four aspects: security, socio-economic development, confidence-building measures, and transitional justice and reconciliation.</p> <p>The Joint Normalization Committee (JNC) conducted its 6th meeting on 19 February 2020 in Colabato City. The meeting tackled proposed Terms of Reference on the role of the Nonviolent Peace Force and Swiss Foundation for Mine Action on its work under the Normalization Program, roundtable discussion on small arms and light weapons, and development program for communities outside the six previously-acknowledged MILF camps.</p> <p>To strengthen and ensure collaborative efforts among normalization mechanisms, the JNC held a briefing and action planning sessions with the government representatives to the Task Force for Decommissioned Combatants and their Communities (TFDCC), Joint Task Force on Camps Transformation (JTFTCT), and Joint Peace and Security Committee (JPSC) on 6 March 2020 to discuss important issues and updates regarding the implementation of normalization projects and activities.</p> <p>a. The closing ceremony for the Phase 2 decommissioning was set on 18 March 2020, but it was postponed due to the suspension of mass gatherings and implementation of social distancing policy due to the outbreak of COVID-19 in the Philippines.</p> <p>For this quarter, the decommissioning covered three clusters –Tamparan cluster in Lanao del Sur, Camp Salaman cluster in Zamboanga Sibugay, and Al Barka cluster in Basilan. A total of 3,121 combatants and 558 weapons were decommissioned from February 18 to March 10. Each of the decommissioned combatants received a transitional immediate cash assistance amounting PHP 100,000.00 provided by the TFDCC through the Department of Social Welfare and Development (DSWD).</p> <p>To help ensure the safety of all personnel that are stationed in the decommissioning site and to avoid threat or sabotage during the process, the JPSC, together with Independent Decommissioning Body – Verification and Monitoring Assistance Teams (IDB-VMAT), conducted a security survey inspection at the Assembly and Processing Area (APA) and site inspection and visitation to the deployment sites of the Joint Peace and Security Teams (JPSTs) at the APA and the Secured Arms Storage Area (SASA) on January 8 and 23, respectively.</p>

JPST Training and Deployment. In addition to the five JPSTs deployed to provide security during the decommissioning, one JPST has been deployed in SASA to secure the storage of the decommissioned weapons. The duty strength of each deployed JPST is properly maintained, while allowing the members to alternately go on a break to see their families and attend to personal matters. Since the completion of the construction of JPST stations supported by the Japanese Government is the key for the full deployment of the 15 JPSTs trained in 2019, the target deployment in March 2020 was tentatively moved to August 2020 as the new projected date of completion by July 2020 (assuming the construction will resume immediately by 13 April 2020).

Regarding the funding support for the training and deployment of the JPSTs, the JNC and the JPSC have been coordinating with the AFP and the Philippine National Police for the execution of Memoranda of Agreement in 2020. As of January 2020, the 75 MILF-BIAF members to the JPSTs and completed the Basic Military Training have received their additional financial support amounting to PhP 6,000,000, pursuant to Executive Order No. 94, s. 2019, otherwise known as "Authorizing the Grant of Financial Support to the Citizen Armed Force Geographical Unit Active Auxiliary Service".

Disbandment of Private Armed Groups. In February 2020, the Implementing Rules and Operational Guidelines of the National Task Force for the Disbandment of Private Armed Groups (NTF-DPAGs) in the Areas of the Bangsamoro and the Adjacent Regions IX to XII has been approved by Executive Secretary Salvador C. Medialdea. OPAPP transmitted the signed document to the Department of the Interior and Local Government (DILG) on 12 March 2020.

The JPSC is holding constant coordination with AFP and PNP on the collection of data and reports on private armed groups. The crafting of proposal for various schemes and activities that can be harmonized as platforms for the surrendering of loose firearms is ongoing. The said proposal is expected to be tabled for initial discussion with MILF counterparts during the next JPSC meeting.

Rido Monitoring and Support to Conflict Resolution. The JPSC Secretariat, together with the Coordinating Committee on the Cessation of Hostilities (CCCH) and the Ad Hoc Joint Action Group (AHJAG), have started collating data from the AFP and PNP on establishing a database of rido incidents and actors involved. Initial data shows that there were 397 rido happened from 2011 to 2019. Through this, the JPSC Secretariat staff and JPST personnel are gradually being linked up to the CCCH and AHJAG joint staff during conflict resolution activities in PNP Regional Office in BARMM and Region XII.

				<p><u>Transformation Program for the Decommissioned Combatants.</u> A total of 3,121 combatants were profiled and provided transitional immediate cash-based assistance by the TFDCC, through the DSWD – of which 145 combatants received their cash assistance on a later date.</p> <p>Following the delays on the pay-out and the declaration of Enhanced Community Quarantine and lockdowns in several parts of the country, the remaining 111 out of 145 decommissioned combatants were prevented to return to their residences in Sulu. Despite the efforts exerted by the TFDCC, JNC, JPSC, and Joint Normalization Division (JND) to facilitate their transport, the 111 decommissioned combatants are still stranded in Camp Darapanan, Sultan Kudarat, Maguindanao, as of 31 March 2020. OPAPP and the MILF ensured that their needs, such as accommodation, food, medical needs, and advisory support, were provided. On 25 March 2020, the TFDCC Secretariat requested the Provincial Government of Sulu to assist the families and dependents of these 111 decommissioned combatants.</p> <p><u>Camps Transformation Program.</u> To jumpstart the process of crafting the Camps Transformation Plans, the JTFCT, together with the Bangsamoro Planning and Development Authority (BPDA), held a series of capacity development programs to prepare community leaders for community development.</p> <p>From February 18 to 19, an overall framework formulation and project inception for the Camps Transformation Planning was conducted. The MILF commanders from Camps Abubakar, Omar, and Badre participated in a two-day program for exposure and capacity development on good governance from February 15 to 26, while those from Camps Bilal, Bushra, and Rajamuda took part in the same program from February 27 to 28.</p> <p>On March 3, the JTFCT met BPDA and their facilitators to finalize the tools and approaches or methodologies for the area visits and assessments, and firm-up the tasking, schedules, and other arrangements for the field visits. In each camp, pilot testing will be conducted in one barangay for the crafting and implementation of the Camps Transformation Plans (CTP). In the CTP formulation, the conduct of a series of area profiling, area assessment, and data validation in pilot barangays will be part of the process. Two out of six camps – Camp Badre on March 4 and Camp Abubakar on March 10 – already underwent the pilot core area assessment. The schedule for the four remaining camps (Rajamudah, Omar, Bushra, and Bilal) will be scheduled once quarantine measures on COVID-19 are lifted, and regular office operations have been resumed.</p> <p>c. Confidence Building Measures</p> <p><u>Updates on the Drafting of the Presidential Proclamation on Amnesty.</u> Following the presidential directive on amnesty, Executive Secretary Medialdea issued a memorandum on 27 March 2019 to the Department of National Defense (DND), Department of Justice (DOJ), and OPAPP to undertake an inter-agency coordination to draft an amnesty proclamation for the various classes of rebels, insurgents, and members of rebel groups, and formulate the parameters of the amnesty grant.</p> <p>During the hearing of the Senate Committee on Local Government for the implementation of the Bangsamoro Organic Law (BOL), Senator and Committee Chair Francis No. Tolentino urged OPAPP to push for the approval of the amnesty proclamation. In response to this directive, the OPAPP Legal Affairs Department sent a letter to the DOJ requesting support and assistance for the immediate presidential approval on amnesty proclamation on 16 March 2020. As of this report, no feedback has been communicated to OPAPP.</p> <p>Previously, OPAPP forwarded the draft copy of the amnesty proclamation for the MILF to the DOJ, DND, and Department of the Interior and Local Government (DILG) for comments and recommendations.</p> <p>d.
